

PLAN COMPARISON SUMMARY

FOR ALL RETIREES

enrolled in the State Health Benefits Program (SHBP)
or the School Employees' Health Benefits Program (SEHBP)

EFFECTIVE JULY 1, 2008

The *Plan Comparison Summary* provides a way for retirees to compare the benefits of the medical plans offered by the State Health Benefits Program (SHBP) or the School Employees' Health Benefits Program (SEHBP). If you are new to the programs, or a member who is considering a different medical plan, the *Plan Comparison Summary* is useful in selecting a plan. For members who want to know more about their current plan, the *Plan Comparison Summary* is a quick reference to the services offered.

The following sections summarize plan designs and general policies of the programs. Inside, the comparison chart summarizes the benefits each plan provides for specified services.

MEDICARE REQUIREMENTS

A retiree or covered dependent, who is eligible for Medicare by reason of attaining age 65 or through Social Security disability, must be enrolled in both Part A and Part B of the federal Medicare program in order to be eligible for coverage through the SHBP or SEHBP. Failure to enroll in both Part A and Part B of Medicare when eligible will result in the termination of coverage.

MEDICAL PLANS

Retirees are offered the choice of a Preferred Provider Organization, with two options known as **NJ DIRECT10¹** and **NJ DIRECT15** (administered by Horizon Blue Cross Blue Shield of New Jersey), or two HMO plans — **Aetna HMO** and **CIGNA HealthCare**.

All of the medical plans are managed care plans, meaning that they provide coverage for preventive care such as annual checkups and screening tests, well-baby visits, and immunizations, in the hope of avoiding serious illness and more costly treatment.

NJ DIRECT10¹ and **NJ DIRECT15** provide both *in-network* and *out-of-network* medical care. Under NJ

DIRECT10 or NJ DIRECT15, members may see any physician, nationwide, and do not need to select a Primary Care Physician (PCP) for in-network care.

In-network care is provided through a network of providers that includes internists, general practitioners, specialists, pediatricians, and hospitals.

No referrals are needed for visits to a specialist. If the physician participates in the Horizon BCBSNJ Managed Care Network, the member only pays the appropriate copayment². Members living outside of New Jersey can utilize physicians participating in the national Blue Cross Blue Shield Network. In-network hospital admissions are also covered in full³.

If the physician *does not* participate in the Horizon BCBSNJ Managed Care Network or the national network, the services will be considered *out-of-network*. Contact your doctor to see if he or she participates in the Horizon BCBSNJ Managed Care or national network. To find current participating physicians in New Jersey, use the Unified Provider Directory. To find a participating physician outside of New Jersey, contact Horizon BCBSNJ directly. Plan telephone numbers and Web site addresses are listed on the enclosed comparison chart.

Out-of-network benefits provide reimbursement for eligible services rendered for the treatment of illness and injury. Most out-of-network care is reimbursed at a percentage of "reasonable and customary" allowances after a member's annual deductible is met. Out-of-network hospital admissions are subject to a separate deductible⁴.

NJ DIRECT10 and NJ DIRECT15 both include annual maximum out-of-pocket amounts. This means that when a member's, or family's, out-of-pocket maximum is reached, covered benefits are paid at 100 percent of

(continued inside)

¹ Certain State retirees may not be eligible for NJ DIRECT10.

² Certain in-network covered benefits require 10% member coinsurance.

³ Certain services may require pre-certification from Horizon BCBSNJ. Services that require a pre-certification, but are not pre-certified, will be paid at out-of-network benefit levels and will not count towards out-of-pocket maximums.

⁴ Local Education retirees are not subject to the separate hospital deductible; copayments and in-network out-of-pocket expenses apply to out-of-network out-of-pocket maximum under NJ Direct10.

the allowance through the remainder of the calendar year³.

Aetna HMO and **CIGNA HealthCare** have expanded networks that provide services nationwide. When you enroll in an HMO you must select a Primary Care Physician (PCP) from a group of participating providers contracted by the HMO.

All services, except emergencies and as indicated on the enclosed comparison chart, are coordinated through your PCP. If you require the care of a specialist, your PCP will refer you to a specialist who participates in the HMO network. Electronic referrals are used by the HMOs and, therefore, no paperwork is required. Specialist services rendered without a valid referral, or by a provider who does not participate in the HMO (except for emergencies), will not be paid by the HMO.

HMOs have no deductibles (except for durable medical equipment) or claim forms to file, however, you are required to pay a copayment for visits to your PCP or a referred specialist. There are no out-of-network benefits, or out-of-pocket maximum amounts under an HMO.

If you are considering an HMO, contact your doctor's office to see if they participate in the HMO you have selected. To find current participating physicians in New Jersey, use the Unified Provider Directory. To find a participating physician outside of New Jersey, contact the HMO directly. Plan telephone numbers and Web site addresses are listed on the enclosed comparison chart.

DEFINITIONS

A **copayment** is the fee paid by the member to the in-network physician at the time covered services are rendered.

Coinsurance is the portion of the eligible charge that is the member's responsibility for out-of-network and some in-network services (durable medical equipment and ambulance). When utilizing out-of-network providers, charges above the "reasonable and customary" allowance are the member's responsibility but are not considered "coinsurance" for the purposes of out-of-pocket maximums.

Pre-certification requires that the member (or the treating physician/facility) receive prior authorization from the medical plan to determine medical necessity before certain services are provided. Some examples of services that require pre-certification are inpatient admissions, reconstructive procedures, durable medical equipment purchases, specialty pharmaceuticals, hospice, and home health care. A detailed list is available from your medical plan.

DUAL HMO ENROLLMENT IS PROHIBITED

State statute specifically prohibits two employees/retirees who are both enrolled in the SEHBP or the State Health Benefits Program (SHBP) and who are married to each other, civil union partners, or eligible domestic partners from enrolling under both of the SEHBP/SHBP HMO plans. One member may belong to an HMO as an employee or as a dependent but not as both.

For example, if two members are married to each other, each may enroll for single coverage under either of the HMOs, or one member can enroll the other as a dependent under an HMO if the other person enrolls in NJ DIRECT10 or NJ DIRECT15.

Furthermore, two members cannot both cover the same children as dependents under both of the HMO plans.

In cases of divorce, dissolution of a civil union or domestic partnership, or single parent coverage of dependents, there is no coordination of benefits under two HMO plans.

AUDIT OF DEPENDENT COVERAGE

Periodically, the Division of Pensions and Benefits performs an audit using a random sample of members to determine if dependents are eligible under plan provisions. Proof of dependency such as a marriage, civil union, or birth certificate is required. Coverage for ineligible dependents will be terminated. Failure to respond to the audit will result in the termination of dependents from coverage and may include financial restitution for claims paid.

HEALTH CARE FRAUD

Health care fraud is an intentional deception or misrepresentation that results in an unauthorized benefit to a member or to some other person. Any individual who willfully and knowingly engages in an activity intended to defraud the SHBP or SEHBP will face disciplinary action that could include termination of employment and may result in prosecution. Any member who receives monies fraudulently from a health plan will be required to fully reimburse the plan.

DENTAL COVERAGE FOR RETIREES

Retirees who are eligible for a medical plan are also eligible at the time of retirement to enroll themselves and their eligible dependents in the Retiree Dental Expense Plan. For more information about the plan, see Fact Sheet #73, *Retiree Dental Expense Plan*.

(continued on last page)

³ Certain services may require pre-certification from Horizon BCBSNJ. Services that require a pre-certification, but are not pre-certified, will be paid at out-of-network benefit levels and will not count towards out-of-pocket maximums.

Biologically-based mental health conditions are treated like any other illness and not subject to annual or lifetime mental health dollar maximums or separate mental health visit limits.

IF MEDICARE IS YOUR PRIMARY PAYER

For NJ DIRECT out-of-network coverage, claims are first submitted to Medicare and then, depending where the services were provided, unreimbursed expenses may be sent to your plan by the Medicare carrier for further reimbursement. The member may still have out-of-pocket expenses such as deductibles and costs above “reasonable and customary” allowances.

Under HMO and NJ DIRECT in-network benefits, coordination of benefits occurs but is handled by the provider or the plan, so that benefits and procedures remain the same for enrollees regardless of Medicare payment. Enrollees simply pay the regular copayment to the provider. Deductibles and coinsurance required by Medicare will be paid in full by your health plan.

If the plan does not receive the Medicare claim information automatically, you must submit the claim directly to your plan along with a copy of the *Medicare Evidence of Insurability* statement.

MEDICARE PART D INFORMATION

All retiree plans include prescription drug benefits. The current prescription drug benefits meet the Medicare Part D prescription drug coverage standards. Most Medicare eligible retirees and/or their Medicare eligible

dependents need not enroll in Medicare Part D. Some members who qualify for low income subsidy programs may find it beneficial to enroll in Medicare Part D. However, once you and/or your dependents enroll in Medicare Part D, your retired group prescription drug benefits will be terminated for you and all of your dependents.
